

*Bistro & Espresso Bar*

*A French tradition to Breton families for many years, sweet and savory crepes were originally a basic element in dining, cooked on a large cast iron plate heated over a wood fire, the fine art of crepe making has been improved with the introduction of the electric crepe maker.*

*Over the past Thirty Three years, Chef Dinos has perfected the art of crepe making; Patrons stare in admiration, as he pours, twirls and flips the crepes. Using the freshest ingredients, which are then cooked to perfection, these crepes are a blend of a visual and delectable feast.*
